

# Does your Video-On-Demand system inspire, educate and entertain patients?

## For a dime, BabyBabyOhBaby can make a wonderful difference.

We produce extraordinary parenting videos in HD with Close Captions, in English or Spanish, available as DVDs and now complemented by subscriptions for hospital video-on demand systems.

Our VOD licensing fee is based on a hospital's births per year.

The math is simple. A one year subscription per video title;  
One birth, 10¢. Yup; One baby, one dime. 100 babies, \$10. 1000 babies, \$100.  
And so on.

Save 25% on year two of a two year subscription. Save 50% on year three of a three year subscription.

Contact us to discuss your needs, program details and for a written quote.
